

Challenge Alignment Contract

CURRENT STATE AND FUTURE STRATEGY

- Ratings use the stricter evidence-gated source table
- Current state is separated from future strategy
- Hosted proof is same-day full-grid technical publication, not scientist validation closure
- Candidate methods stay gated until supporting evidence exists
- MVP V2 adds a Himalayan v3 partner-evidence contract, Swiss RAvaFcast reproduction lane, and SAR shadow gates

Evidence level: Artifact/doc proof only

INTERPRETATION

CURRENT STATE

Evidence now

Use only hosted, admin, repo, and artifact proof that exists today.

GATED

Promotion rules

MTS-LSTM, SAR, TreeSHAP refresh, and runout physics require explicit evidence before promotion.

FUTURE STRATEGY

Validation program

Scientist review decides which technical paths become stronger operational claims.
